

2010 Open Enrollment Schedule

Trench and Excavation		Confined Space	
<p>This course addresses the regulatory excavation standard through the eyes of the competent person. Participants will be instructed on field applications to help minimize the risks of employee injuries, accidents and equipment failures on the worksite. Hands-on training and field exercises may be used to demonstrate how to conduct a trench inspection, soil classification or installation and use of protective systems such as shields or shoring. Course topics include hazard recognition, competent person roles and responsibilities, soil classification, site inspections, protective systems and general requirements of the trench and excavation regulatory standard.</p> <p>Course Length: 8 hrs.</p>	<p>Jan 12 Apr 13 Jul 13 Oct 12</p> 	<p>This course is designed to meet OSHA training requirements on permit-required confined spaces. Topics include hazard identification, gas meters, atmospheric testing, permits and fall protection systems. Training may include an entry into a permit-required confined space.</p> <p>Course Length: 8 hrs.</p>	<p>Jan 14 Jul 15 Feb 11 Aug 12 Mar 11 Sep 9 Apr 15 Oct 14 May 13 Nov 11 Jun 10 Dec 16</p> 
40 Hour HAZWOPER		HAZWOPER Refresher	
<p>Participants will be taught how to recognize and evaluate hazardous materials incidents, how to organize a response team, safe work practices for response personnel, identifying and using response resources, implementing basic control measures, refining decision-making skills and protecting the public.</p> <p>Other compliance topics include chemical and physical properties of hazardous materials, toxicology, recognition and identification of hazardous materials, direct-reading instruments, standard operating procedures, personal protection and safety, and sources of information. This training course emphasizes hands-on use of equipment complementing the lecture sessions. Class members participate in spill simulations wearing fully encapsulating suits, chemical splash gear and utilize air-monitoring equipment.</p>	<p>Feb 22 – Feb 26 May 24 – May 28 Sep 13 – Sep 17 Dec 6 – Dec 10</p> 	<p>This course is designed to meet OSHA refresher training compliance as outlined in 29 CFR 1910.120(e) and (q). Participants who attend this refresher review key topics from the HAZWOPER courses. Training includes hands-on applications for emergency response preparation, PPE and first responder techniques that may be used during a hazardous material spill or leak.</p> <p>Course Length: 8 hrs.</p>	<p>Jan 27 Jul 14 Feb 10 Aug 11 Mar 10 Sep 8 Apr 14 Oct 13 May 12 Nov 10 Jun 9 Dec 15</p> 
MSHA – Day 3		NFPA 70E/ Electrical Safety	
<p>Day 3 training that focuses on site specific hazards at mines throughout the State of Arizona. By using video virtual tours of local mines and the hazards associated with these locations this class satisfies the requirements of the final portion of new miner training.</p> <p>Course Length: 8 hrs.</p>	<p>Jan 22 Jul 9 Feb 19 Aug 20 Mar 19 Sep 10 Apr 16 Oct 15 May 21 Nov 12 Jun 18 Dec 17</p>	<p>This course outlines NFPA 70E regulations which define boundaries related to electrical safety when working on energized equipment.</p> <p>Course Length: 8 hrs.</p>	<p>Jan 19 Apr 20 May 11 Jul 20 Oct 19</p>
